

**STATEMENT BY MISSISSAUGA SOUTH ONTARIO PC CANDIDATE,  
GEOFF JANOSCIK, ON THE LORELAND AVENUE  
POWER PLANT PRESS CONFERENCE**

For Immediate Release  
Saturday September 24<sup>th</sup>, 2011

The following is a statement by Mississauga South Ontario PC Candidate, Geoff Janoscik, on today's Loreland Avenue power plant press conference.

"Today's hastily called press conference, is nothing but cheap opportunism by the Dalton McGuinty Liberals.

"If there wasn't an election, today's announcement would have never been made. There still might be a power plant if you re-elect Dalton McGuinty.

"This power plant has been planned by the McGuinty Liberals for over four years, and after pressure from local residents and Ontario PC candidates, Dalton McGuinty made this last-second reversal – 12 days before an election.

"Unlike the Dalton McGuinty Liberals, the only way to guarantee this power plant does not get built is to elect a Tim Hudak Ontario PC government. A Tim Hudak Government will cancel this plant.

"On October 6<sup>th</sup>, choose change that puts our community first", said Geoff Janoscik.
