

Biography

Waqar Siddiqui is a dynamic and enterprising candidate for ward 5 elections. Waqar lives and works in Mississauga, Ward 5 and is very proud to be part of the diverse community. He lives with his wife, who is a science graduate, 2 sons, ages 15 and 11. Waqar has a back home Medical background, trained in Accounts and Management and currently working for Bell Canada as an IT Technical Advisor. Through out his career in Bell Canada his hard work and intelligence awarded him as a superstar, rock star and quality prime. Since Waqar has a medical background he is experienced in serving the community.

Platform Statement

As a resident of Ward 5 Waqar Siddiqui understands the needs and wishes of both residents and business owners in the ward. He believes that there is a huge learning curve to get to know the issues and understand the concerns of residents of ward 5. He promises to be pro-developing, people-friendly and infrastructure oriented in the coming years. He intends to take everyone in confidence and make administrative machinery smooth, and he is welcome to any feedback.

Waqar is committed to complete any and every unfulfilled promises. Waqar says "I am committed to:

Support our seniors

Seniors deserve your respect, our attention and our support. They are our parents, grandparents, colleagues, friends and neighbors. I will work to build and maintain new and present senior homes, which will also increase employment rates.

Improve safety

The crime rate in ward 5 is decreasing. However, residents continue to be concerned about crime and personal safety. I will start Ward 5 neighborhood safety teams for safety of our neighborhoods. I will work with police, other councilors and regional government to develop a youth strategy targeted at high-risk youths.

Employment and Businesses

Every day I see many people waking up early and heading out of ward 5 to work, they travel long distances and this is taking away precious family time. So I will fulfill the need for good quality jobs right here in ward 5.

Improve Transit

I believe that the traffic in our Ward is another factor taking away from valuable family time and impeding the growth of local businesses. I will increase bus service frequency and expand Ward transit coverage. Add incentives (Frequent Users, No Fare Zones and timings). I will promote better linking of existing public transport services. I will also deliver projects like the rapid bus transit system on Hurontario and improve existing road conditions in the Ward.

Sports and Recreation

Many families spend their family time in parks, public spaces and recreational centers. To insure that they have their best time, I will install and maintain more playground equipment, splash pads, benches, water fountains, garbage cans and trees in our public spaces. I will also create more recreational programs and activities for youth to provide structured after-school time.”

“Quality is never an accident; it is always the result of high intention, sincere effort, intelligent directions and skillful execution; it represents the wise choice of many alternatives.”

Don't just vote make a decision you would be proud of.
